You need: Notebook paper, PENCIL, and calculator
Get out your study guide and Parent Signature
We will turn those in after we review for a few minutes.

WHO IS THE MOST AWESOME PERSON TODAY?

Review:
Slope formula
Slope-intercept Form
Other Names for slope (3)
Changing equations into $y = mx + b$
1) $3x + y = -6$ 2) $9x + y = 3$

To Graph: name m= and b=, then use b to <u>Begin</u> on y-axis.

When you are finished with your test:
- Staple ALL work TO THE BACK of the test
- Turn into box
- Begin working on the Cumulative Review (calculator inactive) on my weebly.
- If you finish, you may look at work from other classes
