

Happy Friday

Have a seat, get your notebook out and ready with a pencil.

Staple your work to your week by week 3 and turn it in the tray.

You will have 30 minutes to complete the weekly hw check

Remember:

You need to have the original problem, correct work and the correct answer. There is no partial credit on this check.

Pick up a calculator scavenger hunt and complete while waiting for the time to stop. What you do not finish will be your hw over the weekend.
